

DOWNTOWN WICHITA

Project Downtown 2035: The Downtown Action Plan

Downtown Wichita is more than just the center of the city, it's the heartbeat of the community. A thriving downtown attracts talent and businesses, spurs innovation and serves as a gathering place where people come together. **Project Downtown 2035: The Downtown Wichita Action Plan (Downtown Action Plan)** is an opportunity to help shape the future of this vital space, ensuring the next decade reflects the distinct spirit of Wichita and its residents.

The action plan's success depends greatly on community engagement. Wichita residents are invited to share their vision for downtown at upcoming public meetings, workshops and other engagement opportunities.

Engagement Opportunities:

- Dates and locations coming soon.

The Downtown Action Plan includes three key phases:

- **Phase 1: Stakeholder & Community Engagement:** A community-wide digital survey, stakeholder roundtables, steering committee meetings, community workshops, pop-up events, and drop-ins at existing events will bring together unique perspectives, ensuring Wichitans' vision for downtown forms the basis for the plan.
- **Phase 2: Ideate & Iterate:** The project team will develop an urban design framework, outlining the "big ideas" that will guide downtown development for the next 10 years.
- **Phase 3: Align & Act:** The project team will help Downtown Wichita identify ways to implement the action plan and accelerate meaningful change, including public and private financing tools and policy recommendations

Project Partner (December 2024)

In December 2024, Downtown Wichita announced Sasaki, a global urban planning and design firm, as its project partner for the Downtown Action Plan. This community engagement and planning initiative will inform the vision and 10-year implementation roadmap for the continued revitalization and transformation of the city's core.

Continued Growth Founded Upon Proven Success

Since 2010, the vision for downtown Wichita has been guided by Project Downtown, a master plan that has provided aspirational goals and deliberate strategies for public and private sector investment. Serving as a living document, the development blueprint has provided a framework to advance the economic vitality of downtown. The returns have been remarkable with more than \$1.7 billion invested to date and a pipeline of projects totaling more than \$760 million.

Building upon the success of Project Downtown, Downtown Wichita and the Greater Wichita Partnership began the next steps to cast vision through 2035. The teams are committed to continually cultivating a vibrant, clean and safe core that enhances the quality of life and attracts talent for years to come.

Downtown Action Plan Goals:

DOWNTOWN WICHITA

- **Leverage Past Successes:** The action plan will build upon Project Downtown’s foundational principles and strategies with a focus on greater levels of implementation in the next 10 years.
- **Continued Cultivation:** The action plan will identify and realize current development opportunities and cultivate new, targeted opportunities for future development while coordinating with various city plans and initiatives.
- **Elevate Design and Construction:** The action plan will serve as a guiding instrument to ensure that downtown development consists of excellent architectural design and is built with high-quality materials and methods.
- **Provide Educational Tools:** The action plan will provide examples to inspire and educate the Wichita community about downtown opportunities and services.
- **Enhance Economic Vitality:** The action plan will identify the economic benefits of increased public and private sector investment that supports the collective vision.
- **Collaborative Engagement:** The action plan will represent a collaborative effort combining the insights and knowledge of the design firm with ideas generated through extensive community engagement.
- **Improved Connectivity:** The action plan will introduce strategies to enhance connectivity between downtown districts and surrounding neighborhoods to promote a vibrant economic environment.

Request For Proposal

In September 2024, Downtown Wichita launched the Downtown Action Plan campaign with a Request for Proposal (RFP). The RFP is a comprehensive document outlining the plan’s scope of work, evaluation criteria and selection process.

Expected Timeline:

- Release of RFP: 9-26-24
- Deadline for emailed inquiries: 10-7-24
- Response to inquiries: 10-11-24
- Deadline for submissions: 10-25-24
- Selection of committee evaluation: 11-4-24
- Notification of shortlisted candidates: 11-8-24
- On-site interviews: 11-18 – 11-22/24
- Contract negotiations: 12-2-24
- Project Downtown 2035 launch and community engagement: 1-6-24

Project Downtown: The Master Plan for Wichita (2010)

Project Downtown is a master plan – a blueprint for development of Wichita’s urban core. It builds upon the uniqueness

DOWNTOWN WICHITA

of our community and it casts visions for the future. The plan focuses on key areas of our downtown, illustrating the potential we have as a community to grow. The community plan benefits the public and private sectors when making decisions, guiding strategic public investment so we, as a community, maximize private sector investment. Key to the plan's success is community engagement.

Project Downtown: The Master Plan for Wichita strives to achieve several key outcomes:

- Connect and maximize the potential of areas including Old Town, INTRUST Bank Arena and the River Corridor;
- Build upon previous downtown plans;
- Provide specific action-oriented development strategies, including implementation plans; define the vision for Downtown;
- The initiatives will be based on economic analysis and realities, and the plan will maximize private-sector investment and return on public-sector investment.
- The plan will further solidify the identity of our city and community.

As a result of such planning, we can expect a number of outcomes:

- It will assist the community in retaining young people, families and jobs;
- It will increase tourism
- It will grow existing tax base revenues; and
- It will make Wichita competitive in regional, national and global markets.

Project Downtown History

The success of 1989's initial downtown development effort, sometimes called the RTKL plan, exceeded expectations. From there, a second series of downtown improvements, the River Corridor plan, took hold. After voters approved funding for a regional sports and entertainment arena, the Arena Neighborhood plan was designed to improve areas surrounding the arena site. Collectively, these three plans have built a strong foundation. Projects evolving from them continue to grow. With each new success, residents and visitors discover new ways to use and enjoy downtown Wichita. Project Downtown was built upon the frameworks of previous plans and progress, and was adopted by the Wichita City Council and Sedgwick County Commission in 2010.

Community Partners

The Downtown Master Plan was funded through a public/private partnership. The City of Wichita committed \$175,000 and a FTA grant for \$50,000. The Wichita Downtown Development Corporation committed \$175,000 and made the commitment to raise additional private sector funds. The following is a list of private-sector partners:

- City of Wichita
- Wichita Downtown Development Corporation
- 2009 WDDC Board of Directors
