

Envision Your Impression, 2023

Created in partnership with Envision, Inc. and Envision Arts Gallery, Envision Your Impression is an interactive public art sculpture that embodies the identity of all people who create the unique character of Wichita. This includes proud Wichita natives, spanning diverse ages, races and ethnicities, as well as visitors and the spirited newcomers who have chosen to live, work and play here.

Often, we may not realize the impression we have left or have made on a place or another person throughout our life and this sculpture represents the impact and role we all play in shaping the identity of our community.

Audio Description

Community Partners

Each community partner was given a wooden "line" of the Envision Your Impression sculpture and asked to adorn it with art symbolizing their mark on our community. Click here to read more about the organizations and inspiration behind their piece.
