A community-wide celebration

The First Friday Gallery Crawl is a unique opportunity for thousands of students, families and art lovers to engage with local art each month at unique locations in downtown and throughout the city. This grassroots event continues to thrive because of the collective vision and collaboration of galleries and artists.

As the name implies, First Friday happens the first Friday of each month. Hours vary between galleries, but most are open during the core hours of 7 to 9 p.m. Most galleries use First Friday to unveil and debut new shows or as a closing reception. All venues are free and open to the public and several [galleries across the city](#) incorporate artist demonstrations and/or live music. Not only does this event give guests the opportunity to view creative art space, it also is an excellent time to purchase one-of-a-kind artwork directly from artists.

Title of exhibit: American Tapestry Alliance's biennial exhibition Tiny But Mighty

Featured artists: American Tapestry Alliance

Opening reception: First Friday, June 5th, 5 to 9 p.m.

On display June 7th-28th in the Patricia A. Peer Window Gallery.

Tiny But Mighty features handwoven tapestries from over one hundred artists from around the world. Limited only by size, artists explore experimental techniques, materials, and conceptual approaches, within a 10-inch by 10-inch scale. Artists have incorporated found objects and employed other fiber techniques such as embroidery and knotting to create unique tactile experiences.

The American Tapestry Alliance, (ATA) was formed in 1982 to unite tapestry weavers to promote awareness and appreciation of tapestry. ATA provides many free educational resources online, hosts educational workshops, and sponsors lectures to expand the interchange of ideas and to help weavers of all proficiency levels improve their skill. Recognizing the need to promote the fine art of tapestry, ATA has been instrumental in creating engaging exhibitions that feature artists from around the world. The organization hosts recurring exhibitions designed to highlight artists ranging from first-time exhibitors to weavers pushing the boundaries of tapestry as it is traditionally known. The ATA continues to develop new programs to serve the needs of its members and increase the visibility of tapestry weaving as an art form.
