**Street:** Downtown has over 2,000 on-street parking spaces and most have time limitations. Look for signs that post time periods.

**Customer:** These spaces are available for people visiting a specific business. The spaces are usually identified with signs and are often close to building entrances.

**Daily:** Short term, public parking lots provide parking for an hour or day. Most lots are identified with the recognizable and colorful "P" parking symbol.

**Daily/Monthly:** When entering a lot, look for signs about the public use of the space and where to pay for daily parking.

**Monthly:** A number of parking lots are leased on a monthly basis. While anyone can lease a spot daily or hourly parking is not allowed.

**Covered:** Almost every garage in downtown Wichita allows hourly or daily parking. All [parking garages in Old Town](#) are free and open to the public. A number of garages are open and available after 5pm to accommodate downtown events and activities.
