

DOWNTOWN WICHITA

Santa has arrived at Naftzger Park!

Downtown Wichita partnered with [Hutton](#) and [Star Lumber](#) to build Santa Claus a house for his headquarters right here in Wichita! Local artist [Heather Byers](#) transformed the structure into a cozy, winter-themed home that makes the perfect backdrop for holiday photos.

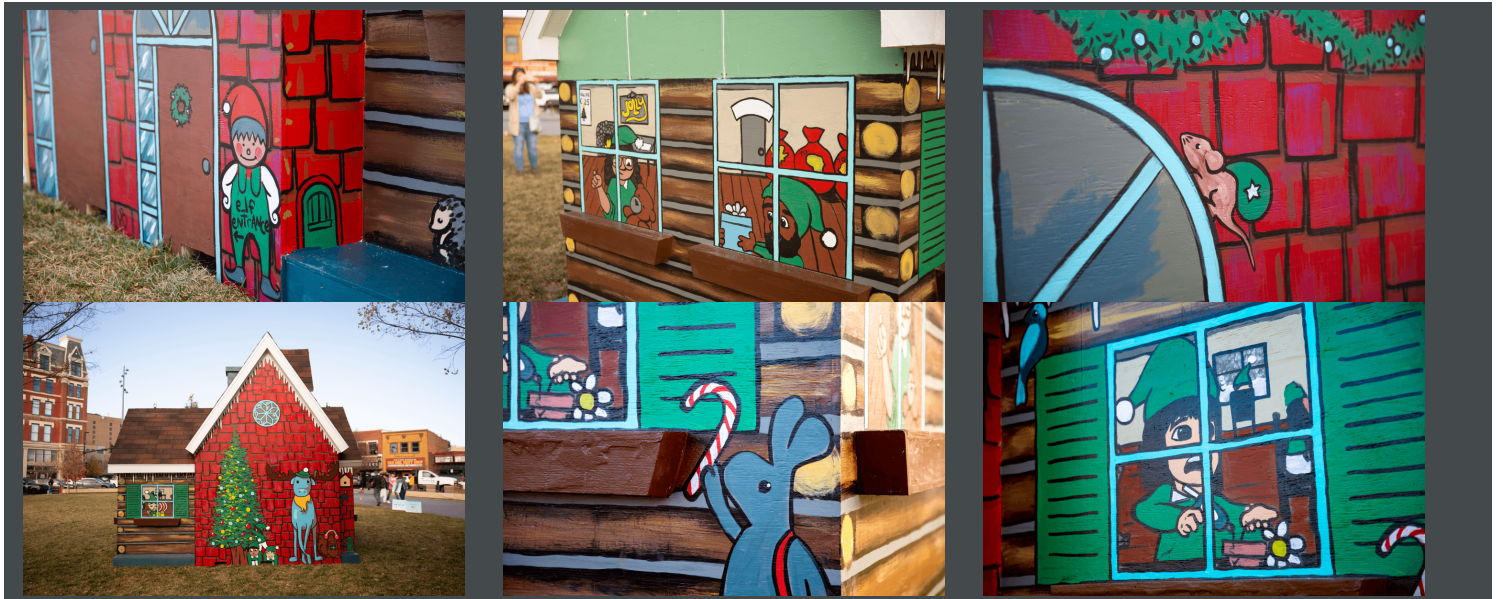

Let your imagination come to life as you explore this colorful pop-up at Naftzger Park during the holiday season. Share your photos with Santa's House on social media using [#DowntownWichita](#)! Mark your calendars to check it out during [Winter Wonderland](#) on Dec. 10.
